

DYNANET'S MISSION IS TO PROVIDE SYSTEM INTEGRATION SERVICES FOCUSED ON OUR PUBLIC AND PRIVATE CUSTOMER'S MISSION THAT SOLVES COMPLEX BUSINESS PROBLEMS.

DYNANET CORPORATE GOALS Provide a dynamic and challenging environment as the employer of choice.

Ensure customer satisfaction through the delivery of quality people, services, and products.

Anticipate customer's needs through the use of innovative and cutting edge approaches and solutions.

Be a socially responsible company.

Be a trusted business partner.

Message from Sean Peay, Dynanet CEO

Happy New Year! With each published issue, our goal is to communicate the great work that is being done throughout Dynanet. In this issue, we highlight internal promotions and customer kudos. Two of our corporate goals are to ensure customer satisfaction and to be a trusted business partner - we live these goals every day. Each of you make up the core of Dynanet. Your attention to the needs of the customer and deliverables keep existing customers coming back and new customers wanting to work with us. Our reputation is only as strong as each of you and the work that you do – and I can honestly say because of you our reputation is stellar.

Corporate News

Sean Peay Nominated for the 2016 Smart CEO Circle of Excellence Award December 2016

Sean Peay was nominated for the 2016 Smart CEO Circle of Excellence Award. "The Circle of Excellence finalists are shaping the future of Baltimore's business community and ensuring the sustainability, safety and efficiency of our community for years to come," says Jaime Nespore-Zawmon, President of SmartCEO. "We proudly recognize their successes and contributions, and we believe that their impact will make a difference for customers and clients across the nation." The Circle of Excellence Awards program recognizes the region's most accomplished CEOs for business excellence. Companies are nominated from all size and industry categories, public or private. Each year, an independent committee of local business leaders selects the winners based on industry impact, innovation and market leadership. Finalists are profiled in the November/December issue of *SmartCEO* magazine and celebrated at an awards reception in November, where category winners are announced live.

USDA Awards Dynanet Contract to Provide IT Services December 2016

Dynanet has been awarded a one-year contract with the USDA Foreign Agriculture Service to provide information technology (IT) services that deliver business results using agile software development techniques. Under this contract, Dynanet will provide development and modernization of IT applications and systems to achieve outcomes via improvement to or complete redesign of people/process/technology solutions; working with government staff to identify programmatic improvement opportunities that can be effected through more strategic deployment of information technology; and proposing plans for business process improvement and business process reengineering efforts that dovetail with the overhaul of the way the Agency uses information technology resources. Software development work will be predominately SharePoint and/or Drupal related efforts. Specific tasks include, Business Analysis and Process Re-engineering Support; Development & Modernization of IT Applications and Systems; Training and Documentation, Security, and Organizational Change Management.

Employee Kudos

Kalyan Gadde Recognized for Service on GSA CAMEO Project

During an all hands meeting, Dynanet employee and GSA Cameo contractor Kalyan Gadde was recognized for his outstanding performance. As noted by GSA CAMEO, "[Kalyan] provided strong leadership and managed all operational tasks as eSOA Operation Lead. [He] supported [the] Project Manager closely to identify the risks and proposed future tasks. [He is a] core person to work with....to seek performance improvement and [he] led the data cleansing effort. [Kalyan] spent time and effort to train new team members."

Dynanet Promotions

Diane Shell, Assistant Corporate Controller

Diane Shell has been promoted to Assistant Corporate Controller. Mrs. Shell is responsible for managing the accounting department. Since 2001 her primary responsibilities include monthly invoicing to clients for services provided, accounts payable, accounts receivable, payroll, human resource management and contract maintenance. Mrs. Shell earned her Bachelor of Arts degree in Psychology from Salisbury University.

Jake Flowers, Chief Financial Officer

Jake Flowers has been elected Chief Financial Officer. Mr. Flowers is responsible for the direct supervision of all Dynanet accounting and financial functions. Since 2010, his primary responsibilities include supervision of the monthly close process, monthly billings to clients for services provided, collection of accounts receivable, supervising accounts payable, payroll, monthly reporting for the owner, assistance in the preparation of quarterly tax projections and annual tax return, financial statement audit preparation and all treasury administration. Mr. Flowers also assists in the preparation of the pricing volume response on proposal submittals. Prior to Mr. Flowers joining the Dynanet team, he worked at Glass Jacobson & Associates P.A. as Senior Accountant/Auditor. Mr. Flowers earned his Bachelor of Arts degree in Economics from the University of Maryland Baltimore County (UMBC). He is a Certified Public Accountant (CPA) and is a member of the Maryland Association of Certified Public Accountants

Employee Profile

Sherri Brown, Director Communications and Marketing

I joined Dynanet in 2005 as a program manager for a large government contract. Since 2007, I've been involved with business and proposal initiatives, corporate branding and marketing strategy development. Prior to joining Dynanet, I was the Director of Business Development at the General Service Administration's Office of Global Supply and spent over six years at the Department of Commerce's National Institute of Standards and Technology. I earned my

Bachelor of Science degree in business administration from Towson University, Maryland and my Master of Business Administration degree in Business and Marketing from the University of Baltimore, Maryland. In 2004, I graduated from Harvard Business School's Executive Development Program. I recently received my PMP certification and am a member of the Project Management Institute. While at heart I am still a Marylander and I still cheer for the home teams (Skins, Caps, and O's), I now reside in Virginia. My home life keeps me pretty busy with three kids ages 7, 9 and 11. With two daughters and one son, our days and weekends are quite full running from soccer, to basketball, lacrosse and swimming. Dynanet is a great family friendly place to work and I can't imagine myself anywhere else.

ABOUT DYNANET

Dyanet Corporation has a long history of successfully assisting federal and state governments in accomplishment of their missions. The proof of our success is in the numerous accommodations and awards we have been given and the list of partners who choose Dynanet as a business team member. A highly experienced and senior leadership team with both private sector and federal experience leads our talented and certified professionals.
