Message from Sean Peay, Dynanet CEO

2018 is starting with many exciting endeavors for Dynanet. As you'll read below, we are working with AWS and Red Hat – both leaders in their respective industries. Peter Anih our CTO is recruiting employees for an exciting new project – the CTO Tiger Team. If you would like to be involved, please read the article below for more information. And, we continue to receive kudos from our customers – congrats to Charles Anakweze on the NIAID contract. We are achieving our goal of Social Responsibility with a focus on our local community as you'll read below. I'm anticipating more great things throughout the year and appreciate the hard work that each of you put in every day to achieve our goals.

Sean M Peay

Corporate News

Dynanet Partners with Amazon Web Services (AWS) January 2018

As Dynanet continues to build upon our growing Cloud Service practice we are actively looking to partner with experienced and reputable organizations in this space. With that being said, we are pleased to announce our partnership with Amazon Web Services (AWS). Being a part of the AWS Partner Network (APN) will give us access to training, AWS Partner only events, and an ever-growing ecosystem of Cloud implementation and migration services opportunities. Please stay tuned for more information about this exciting new partnership!

Dynanet Partners with Red Hat January 2018

Dynanet is extremely excited and pleased to announce our partnership with Red Hat. We have been working with Red Hat and their suite of products for several years. Red Hat is a technology solutions leader that continues to increase their presence within the federal government. A component of Dynanet's growth strategy is to identify and partner with cutting edge and industry leading technology solution providers like Red Hat.

Peter Anih with the support of the executive team and delivery leadership will be putting together a Red Hat training and certification curriculum accessible to all Dynanet personnel. Dynanet's Business Development Team is also working with Red Hat to identify new opportunities both within and outside of our existing customer-base. Please stay tuned to hear more about this exciting opportunity!

Dynanet Announces CTO Tiger Team

Peter Anih, CTO

Do you want to be a part of a team that explores new technologies? Are you someone who likes to innovate in an incremental fashion producing tangible results at a rapid pace? Do you want to help support the development of next generation capabilities for Dynanet? If so, please join the **CTO Tiger Team!** We will focus on creating and developing new capabilities for Dynanet leveraging the latest & greatest cutting-edge tools and technologies. You will have an opportunity to help shape Dynanet's Innovation Pipeline for the development of future projects and features. Here are a few of the current pipeline items we will be focus on:

- Blockchain
- Big Data Analytics
- CI/CD
- Cloud Automation

Please send an email to Megan Mathis (mmathis@dynanetcorp.com) with the Subject Title "CTO Tiger Team" and let her know that you would like to be a part of this great initiative. We are targeting our first virtual kickoff meeting in February. I hope to see you there!

Dynanet Blog

Did you know that Dynanet has a blog? We publish monthly articles on hot topics in the IT world. This month's blog post is titled "5 Enablers to Engineer a SecDevOps Culture". Peter Anih, Dynanet's CTO, highlights key factors for

engineering a SecDevOps Culture. To read the full blog post, go to <https://dynametcorp.com/blog/5-enablers-engineer-secdevops-culture/>

Social Responsibility

Dynanet's Batchelder Volunteers for Wreaths Across America December 2017

This year's Wreaths Across America was held on Saturday, December 16, at Arlington National Cemetery in Arlington, VA. Wreaths Across America Remembers and Honors our veterans through the laying of Remembrance wreaths on the graves of our country's fallen heroes and the act of saying the name of each and every veteran aloud. Jim Batchelder, Dynanet Director of Military Health Solutions, and his family had the honor of laying a wreath at the grave site of a good friend's father.

Jim Batchelder and family

ABOUT DYNANET

Dynanet Corporation has a long history of successfully assisting federal and state governments in accomplishment of their missions. The proof of our success is in the numerous commendations and awards we have been given and the list of partners who choose Dynanet as a business team member. A highly experienced and senior leadership team with both private sector and federal experience leads our talented and certified professionals.
